JOHN MICHAEL GALLEGO

Web & Software Developer

415-260-8489

jngallego@gmail.com

EDUCATION

Class of 2012

California State University, Long Beach

B.S. Computer Science

Minor in Web Technologies & Applications

ONLINE PORTFOLIO

You can view more of my work on *jemgallego.com*

WEB EXPERIENCE

MSUOC Alumni – *michiganstate.org*

Commisioned to help re-launch the website for the Michigan State Orange County Alumni Club. I worked in collaboration with their designer to develop a new look for their site. I then developed the project on Wordpress.

Joan Karissa *- joankarissa.com*

Joan Karissa is a printmaker whose work has been featured on several exhibitions in San Francisco. I designed a site for her that is clean and simple in order to help showcase her amazing works of art free of distraction.

SOFTWARE EXPERIENCE

Source code available on *github.com/jemsomniac*

Draft Scouting Program

Developed a program to simulate scouting for a basketball simulation site.

STUDENT WORK

RISK Board Game

Main responsibilities include developing the UI, testing and debugging the program.

Search Engine Technology

Developed key components of the program, including but not limited to the Porter-Stem Algorithm and the parser.

Dive Catalina - *divecatalina.net*

Part of a group that re-designed an existing website to perform visual upgrades and implement responsive web design.

LEADERSHIP SKILLS

2012 President, Web Developers Club California State University, Long Beach

2011 Secretary, Web Developers Club California State University, Long Beach
